

Herz Fig No 4017R

WRAS Approved Screwed double regulating valves from DN15 – DN50 shall be DZR Copper Alloy, to BS7350, rated PN20, oblique pattern and have a non-rising spindle with a double O-ring spindle seal and soft seat for positive shut off at sizes larger than DN20. Pre-setting shall be by limitation of spindle lift with pre-set value displayed digitally through a window in the hand wheel. Valves shall have locking and marking facilities for the pre-setting. The valve manufacturer shall provide a five year fully comprehensive warranty, covering parts, labour and consequential loss.
